European Day of Languages

What is the European Day of Languages (EDL)?

A day to encourage language learning across Europe.

At the initiative of the Council of Europe, Strasbourg, the European

Day of Languages has been celebrated every year since 2001 on 26 September.

Why do we celebrate the EDL?

- To alert the public to the importance of language learning in order to increase plurilingualism and intercultural understanding
- To promote the rich linguistic and cultural diversity of Europe
- To encourage lifelong language learning in and out of school

European Day of Languages

Did you know that...?

- There are between 6000 and 7000 languages in the world with about 225 indigenous languages in Europe
- Most of the world's languages are spoken in Asia and Africa
 - At least half of the world's population are bilingual or plurilingual, i.e. they speak or understand two or more languages
- Bilingualism makes the learning of additional languages easier and enhances the thinking process
